Get to know Mayan architecture in our nature.

Starting with a private charter flight to Flores in Peten, you explore the lately discovered Mayan ruins. Tikal National Park is set in a protected rainforest and is a UNESCO World Heritage.

After exploring the huge pyramids which are as high than skyscrapers and observing unique jungle wild life, you will have a catered picnic lunch.

Following lunch you are transferred back by charter to Antigua where you enjoy your last travel day.

Chicken bus and farewell dinner

We offer you a very special ending: After a guided walking tour through the UNESCO city "Antigua", passing by architectural and historical highlights of this colonial pearl, you are taking part of a special local chicken bus ride up to a famous mountain top restaurant, where you enjoy incredible views by having a memorable lunch.

You will have a free afternoon in Antigua before getting ready for the Farewell Gala Dinner at one of the most historical UNESCO monuments in Antigua.
