Pint Pulling optional activity:

Guinness is a very distinctive looking drink, and only at the home of Guinness can you learn the special craft involved in Pouring the Perfect Pint of Guinness. At the Guinness Academy, your group will receive private tuition from our welcoming and expertly trained staff who will teach the six steps involved in Pouring the Perfect Pint. Each participant will be able to savour the pint they have just poured themselves, and will be presented with a personalised certificate of merit as a souvenir. This is a must for all groups looking for an authentic and memorable experience.
