Mtkvari boat cruise - Option

One of the most unusual excursions around Tbilisi that we can offer is by the boat.

It's an opportunity to see the city from a unique side. During the boat cruise you can enjoy a panoramic view of Tbilisi and the ancient ruins of the city.

The amazing journey on the ship includes the most famous and popular tourist attractions of Tbilisi: the Rocky shore of Metekhi with the traditional architecture of houses on top, the area of sulfur baths, Rike Park, Peace Bridge and the Monument to King Gorgosali, just to name a few.

Duration: approx. 30 min when the boat is not privatized.

It is also possible to offer to privatize the boat for 1 hour, to offer during the trip, a glass of wine or light snacks, guitar singers and much more.
