

## Program idea Botswana

For other program ideas, please contact us at [botswana@dmcprofessionals.com](mailto:botswana@dmcprofessionals.com)

On the banks of the Chobe River in Northern Botswana, a new experience awaits the inquisitive traveller to Africa. Cresta Mowana or the *Great Baobab* as it means in Setswana, inspired the design of the new safari lodge. Thatched in rich yellow, Mowana's reception area nestles around the massive trunk of the ancient tree.

The Mowana Safari Lodge is home to 112 luxury rooms specially designed to blend in with the unique African surroundings. All rooms are airconditioned with spectacular views of the Chobe River; have ensuite bathrooms, own balconies. The main facilities at Mowana are an outdoor swimming-pool, set in a natural landscape, the Serondella Restaurant and Savuti Bar overlooking the ever-changing Chobe River, the Boma Terrace and pool bar, a guest lounge for private entertaining, designer jewellery and curio shop, and a hairdressing salon in a treehouse with a view of the river and a fantastic 9-hole Golf Course.

For game viewing, The Mowana offers guests great flexibility. The professional guides lead game drives in customized open 4x4 game viewing vehicles and water activities in specially adapted safari motor boats. Sundowner Cruises are particularly spectacular for sunsets on the Chobe River. Fishing excursions are also available. The backdrop of breathtaking vistas and magnificent sunsets seen from this lodge brings you face to face with the wildlife of the African bush. Activities from the Lodge include Game Drives, Boat Cruises and fishing.

## **WELCOME RIVERSIDE DINNER**

The Riverside set up is situated in a more remote, private section of the Hotel
